

Making a Difference in the Lives of Others

Mission Statement

The Entrepreneur Program's mission is to provide a supportive environment to assist persons in developing a successful business venture. We assist by providing workshops and sessions on licensing, local and state regulatory information, identifying possible financial venues and other business focused topics. Through these efforts, we are equipping future business leaders with needed skills, to start and maintain their business.

Vision Statement

Through business development, we are fostering personal economic prosperity and growth within the community.

10 Basic Steps to Start a Business Successfully

- ◆ Be inspired and focused
- ◆ Do your research
- ◆ Make a plan
- ◆ Plan your finances
- ◆ Choose a business structure
- ◆ Select and register your business name
- ◆ Set up your business location
- ◆ Choose your accounting system
- ◆ Promote your business

Growing Your Business

Facebook, YouTube, Twitter, and LinkedIn are just a few of the most used platforms used by companies to increase their visibility. Social networking sites are not only great ways to advertise products and services, but can be used to build communities of brand advocates.

The key to every social group is to foster interactions, not just with the company, but with other members of that social network. To get the highest return on social media campaigns, focus needs to be placed on providing high quality content and to give customers a reason to positively interact with you and your brand.

“Throw yourself full throttle in the direction of what consumes your thoughts and ambitions.”

Samantha Wills

How to Get Started

Step 1

Visit our website and review entrepreneur FAQs at www.Galilee-cdc.org. Select the services tab, then click on the entrepreneur tab.

Step 2

For individual assistance, visit or call our office to schedule an appointment with a member of the Entrepreneur Team.
